

Dear Children and Parents,

Welcome back to Nursery. What a difference two terms makes! The children are growing in confidence and this is lovely to see.

This half term we will be learning about mini beasts in our topic : Wriggle, Crawl or Fly. We will observe our own caterpillars change into butterflies and then set them free. We will read some fun stories, sing some bug songs in Music and continue to look after our growing plants.

We will also be joining in the whole school celebration of different cultures in International week. This is a lovely opportunity for parents or grandparents to come into Nursery and share family celebrations or customs so please contact me if you would be able to do this.

Thank you.

Miss Baigent,

Class Teacher.
