

Year 6 SATs Survival 2023: 5-for-5 Reading Test Pack 4

Adult Guidance

This pack contains five sets of 5-for-5 tests which focus on the content domains tested in the KS2 Reading SATs paper. Each question is modelled to reflect those asked in the statutory assessments.

It is recommended that pupils are given five minutes to complete each test. This timing is similar to that of the government assessments, where pupils are given 60 minutes to complete questions that are worth a total of 50 marks. You may wish to give pupils longer depending on their ability and how much test practice they have had.

Administering the Test under Exam Conditions

You may wish to use these tests under exam conditions. If so, you must ensure that nothing that you say or do during the tests could be seen as giving pupils an advantage. For example, you should **not** indicate that an answer is correct or incorrect or suggest that a pupil looks at an answer again. If you are using BSL to deliver this paper, ensure that you do so in a way that does not convey information which would give pupils an advantage. In order to use the test as a realistic mini-test experience, it is important that nothing that you say or do during the tests could give pupils an advantage. The texts should **not** be read to the pupils. If pupils ask questions regarding the test content, you should **not** explain any words or expressions. Pupils who require a scribe should be provided with appropriate support.

Using the Guided PowerPoint

You may wish to use these tests during a revision session or with an intervention group. If so, the **SATs Survival 2023: 5-for-5 Reading Pack 4 Guided PowerPoint** can be used alongside the test sheets to provide support on how to approach each question. The answers are revealed at the end of each question.

Content Domain Coverage

The five tests included within this pack have been written so that they closely match the content domain coverage found within the government assessments. Details on the coverage in each test can be found in the table below along with a reminder of each of the Content Domains and their reference.

Question	2a	2b	2c	2d	2e	2f	2g	2h
	Give/ explain the meaning of words in context.	Retrieve and record information /identify key details from fiction and non-fiction.	Summarise main ideas from more than one paragraph.
